There's an App for Western

Jennifer Polanz

You've heard that saying, "there's an app for that." Well, Western attendees, there's an app for you, too. The Western Nursery & Landscape Association (WNLA) has launched a new event apps that will organize your personal show schedule and help you find your way around the show floor.

The app includes:

- The Western schedule, including the ability to save events to your individual show schedule
- Exhibitor list
- Sponsor list
- New 2017 Fashion Show plants
- Floor plan
- Association details, like the WNLA board list

It's all for the low, low price of free and can be downloaded by going to <http://my.yapp.us/WNLA> on your phone's Internet browser. Click the orange download button and locate the Yapp icon on your phone to open the app.

Western runs January 19-20 in Kansas City, Missouri. Registration and other information is available at wnla.org. **GP**
