Adriana Heikkila

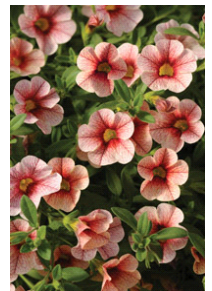

Allsop Home & Garden

Save your deck. Pot Pads will never disintegrate, chip or crumble. Pot Pads sit discretely underneath your pot, elevating your plants, and allowing for easy movement without lifting or scratching your deck surface.

Ball Horticultural Company

The new 2010 Simply Beautiful Can-Can calibrachoa series offers specialty flower colors to create unique flowering planters and baskets. This season-long garden performer is available in Apricot, Mocha and Orange & Strawberry (pictured right).

Briggs Nursery LLC

Hakonechloa Beni-kaze is an outstanding Japanese forest grass for the shade garden with soft texture and a natural wind-swept look. Attractive green foliage turns brilliant red in the fall. This 24- to 36-in. by 24- to 36-in. plant is perfect in Zone 5.

Deer Out LLC

Deer Out is an all-natural, peppermint-scented deer repellent guaranteed to work. Apply on flowers, shrubs, edible plants, fruits, vegetables and all forest and fruit trees. Deer Out is long lasting and won't wash off.

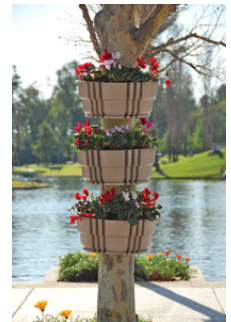

Four Star Greenhouse Inc.

From the large yellow-tipped orange flowers to the unique greenish seed heads, Proven Selections Gaillardia Oranges & Lemons provides extra-long seasonal interest in the landscape. A low-maintenance plant for full sun.

Garden-Aire LLC

Garden-Aire introduces the Flexit Planter, an innovative, semi-circular planter that flexes to fit around most trees, columns, posts and poles. The Flexit Planter is made in the USA with recycled content and is available in three colors.

Haddonstone Ltd

The Herculean Bowl is an impressively large jardinière, which will make an impact in any setting. The design features festoons of fruit including pears, plums and grapes, bound together with ribbons and swags.

Intrinsic Perennial Gardens Inc.

Nepeta x Meow is a sterile hybrid of catnip and the perennial catmint. The flowers begin in early June and continue until the heat of summer, at which time plants can be cut back for a new flush of foliage and flowers. These clumping plants reach over 24-in. tall.

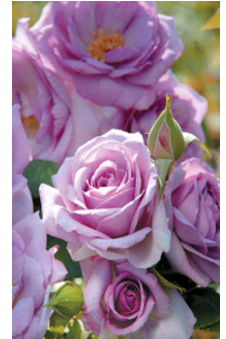

ItSaul Plants

New, spectacular River Mist Chasmanthium latifolium has beautiful green and white longitudinal variegation with the added attraction of white seed heads. Lighten up shade or partial sun areas or use in containers for a unique look.

Jackson & Perkins Wholesale Inc.

Each full, ruffled bloom of Enchanted Evening floribunda rose sparkles with a twilight-hued color play. The hypnotic citrus scent beautifully complements the large clusters of lavender blossoms. With excellent disease resistance and a compact, rounded habit, it's perfect for mixed perennial beds, borders and containers.

Kinsman Company

Greet guests and visitors with this ornate Welcome Planter made of steel and coated with weather-resistant black plastic. The basket with coco liner is included and held in place on the 38-in. tall stand. The hanging blank plate is 10-in. wide by 4-in. high.

Myers Industries Lawn & Garden Group

With its ceramic, glaze-like finish, Listo's Glaze Resin Pottery enhances the home with a uniquely brushed texture and embossed pattern. The planters combine the classic charm of Old World pottery with the added benefits of durability, lighter weight and intricate design.

Plant Introductions Inc.

Lantana Chapel Hill Yellow combines cold hardiness (Zone 7), drought tolerance, non-stop yellow flowers, dark green foliage, and a spreading growth habit into one must-have plant. A portion of royalties will be donated to the Sweet Melissa Lung Transplant Fund.

Rosso's International

Go green with biodegradable planters made of bamboo husks. These pots contain no chemicals or artificial components and utilize vegetable dyes to add color. When disposed in a landfill they decompose to organic bamboo dust in a matter of months. Sizes vary from 12 in. to 3.5 in. and come with matching saucer.

Structural Plastics Corporation

Benchmaster All-plastic Pyramid Displays create an inviting atmosphere with an attractive professional look. Their all-plastic tiered systems create a cascading effect that keeps livegoods at eye level and within easy reach.

Tree World Plant Care Products Inc.

Obtain professional-quality plant protection from rabbits and small critters with 100% organic, Plantskydd Granular Repellent. Just sprinkle the granules throughout the area to deter rabbits, squirrels, voles, nutria, opossum and other small critters. Plantskydd is non-toxic and biodegradable and also acts as a fertilizer.

Walters Gardens Inc.

Platycodon grandiflorus Fairy Snow produces white, bell-shaped blossoms with delicately contrasting blue veining. This color is most prominent in cooler areas or part shade. Plant this balloon flower in containers or in front of the border where it can be appreciated up close.

Zelenka Nursery LLC

Forever & Ever Hydrangea Blue Heaven has large 12-in. blue or pink (determined by soil acidity) mophead flowers that bloom on old and new wood. Blue Heaven provides reliable performance in northern climates unlike that of older varieties. Ideal for shrub borders.
