Ellen C. Wells

Anthony Tesselaar Plants

Phormium Black Adder's striking deep burgundy-black leaves with high-gloss overlay are a breakthrough in dark foliage. Its coloration and architectural form are dramatic in garden beds, mass plantings and containers. Grows up to 3 ft. tall by 3 ft. wide.

Ball Horticultural Company

The only tecoma from seed, PanAmerican Seed's Mayan Gold tecoma is a showy and exotic plant with compact, uniform habit, producing large gold flowers over glossy green leaves. An early, heat-loving plant for the South or North.

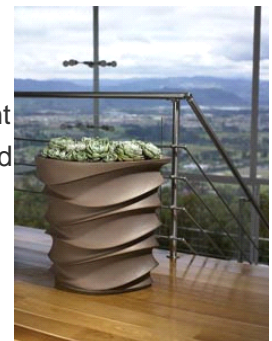

Carruth Studio

The Sunflower Morning plaque is made of hand-cast stone and can be displayed outdoors or indoors. It measures 5 in. by 7.5 in. by 2.25 in. and is 2.5 lbs. Made in the USA, the plaque comes gift boxed and has a hook on the back for hanging.

Crescent Garden

The Eye Planters are an affordable option for a modern design inspired by nature. Available in two shapes, Eye Am planters have an eye shape opening while the Eye Aint planters are square. Available in metallic brights, traditional vintage copper or black, and Alpine White.

DeWitt Company

Skeeter Plus is a natural pest control for the environmentally conscious consumer. Designed by experts in the field of pest-borne diseases, Skeeter Plus utilizes scientific and non-toxic chemical engineering to eliminate biting insects. Place in flowerbeds, on the patio or hang from a tree.

Fiskars

The 2.6-gal. Easy-Pour Watering Can offers both capacity and control. Dual-handle design accommodates multiple hand positions. The hinged handle enables two-handed pouring for better maneuverability and control. The spout rotates for adjustable flow control, from a gentle shower to a steady stream.

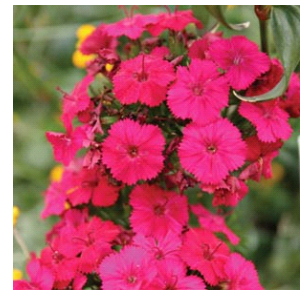

Food Map Design LLC

The Food Map Container is a mobile container for an edible garden. The container is made with 100% post-consumer recycled HDPE, a weather-resistant plastic. The frame is steel with weather-resistant powder coating.

Four Star Greenhouses

Proven Selections dianthus Pizzazz Pink is very floriferous with large flower heads and blooming side stems. Best as a full sun container plant or landscape cut flower, it has no known problems with mildew. Attractive to butterflies.

Goldsmith Seeds

The Mammoth Pansy series boasts super-large blooms and robust garden performance, fall or spring. Their strong root systems and better plant structure means plants take hold, fill in and flower all season long. Plus, The John Henry Co. offers Mammoth POP materials.

Grobal LLC

Grobal, a stylish and unique self-watering system, draws water and nutrients from its reservoir into the Grobal Soil in the top chamber. Just check the water level through the water level indicator and refill when needed through the Nutriport. Perfect for houseplants, flowers, herbs, orchids, succulents and more.

Haaga Great Lakes

Haaga Sweepers are eco-friendly, people-powered manual machines that protect the environment by reducing energy dependence and consumption, air pollution as well as noise pollution. Wet or dry, they clean inside and outside. German engineered and manufactured.

Intrinsic Perennial Gardens Inc.

Geum Tequila Sunrise is a hybrid with bicolor flowers of yellow with grenadine-colored tips. The single and semi-double flowers bloom in May and continue three to four weeks. The short clumping plants reach around 10 in. tall and wide, and have burgundy-red stems reaching around 18 in. tall.

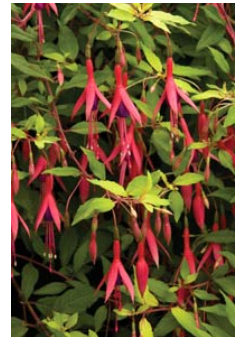

LawnGrips

LawnGrips Footwear now offers the Nimbus ankle-high garden clog, a lightweight, waterproofed leather slip-on with the patented Grip-N-Go outsole. Available in red, orange and purple in sizes 6 to 12 for women and 4 to 10 for men.

Monrovia

Fuchsia genii Aurea is frost hardy, grown for its radiant lime-yellow foliage on contrasting red stems and its brilliant cherry-red and purple flowers. Grows 4 ft. tall and wide. Its light-colored foliage will surely liven up a shady area in the garden.

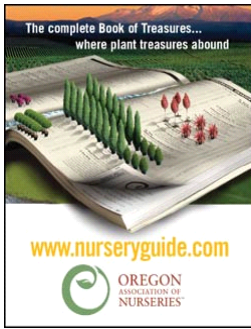

National Tree Company

National Tree Company offers a line of artificial shrubs and topiaries for indoor or outdoor use. Maintenance-free and resistant to insects and animals, this shrubbery is available in a wide range of sizes and shapes, both lit and unlit.

Netafim USA

Techline CV Pressure Compensating Dripperline dripper's design includes a check valve (CV) turning drippers on and off with system operation. Benefits include minimizing water loss, eliminating low slope drainage and providing more precise watering.

Oregon Association of Nurseries Inc.

Discover the most comprehensive source of quality plants at www.nurseryguide.com. Find suppliers for more than 5,000 varieties of plants, everything from perennials to specimen trees. Contact OAN for the printed version, Directory & Buyers Guide.

Plantsense Inc.

EasyBloom Plant Sensor takes the guesswork and frustration out of gardening by easily revealing which plants will thrive in any location and how to care for ailing plants. EasyBloom measures sunlight, temperature, humidity and soil condition, allowing anyone to enjoy a beautiful indoor or outdoor garden.

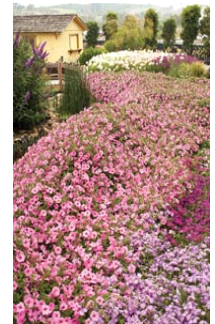

Plastair

The 3/8-in. SpringHose offers a flexible yet durable alternative to the standard rubber hose. The lightweight material reduces user fatigue and extends watering time, and its coiled design eliminates the need for a hose reel. Available in lengths of 25 ft., 50 ft. and custom sizes.

Proven Winners

Supertunia Vista varieties are bred to flower earlier, grow taller, spread wider and to be more vigorous. The latest addition, Supertunia Vista Silverberry has a vigorous spreading habit that is slightly more compact than Bubblegum. Great in baskets, containers or garden.

Skagit Gardens

Leonotis menthifolia Savannah Sunset displays furry, bright-orange tubular flowers held aloft tall stems. With age, new growth appears from each blossom center, creating an interesting tiered effect. Unique garden element or fantastic container centerpiece. Perennial in mild climates.

The John Henry Company

The purse creates eye-catching retail displays and offers grab-and-go convenience for gift purchases. The combination of tall handles, water-resistant materials, and stylish designs make the purse a superior replacement for gift bags. Available in holiday and everyday themes, as well as custom designs or branding.

The Liquid Fence Company

FreezePruf water-based, non-toxic frost/freeze protector spray improves a plant's cold tolerance up to 9F depending on the plant. The ingredients work together to protect the foliage and flower, both externally and systemically. Since FreezePruf extends the growing season, it's perfect for perennials, and fruit and vegetable plants.

Under A Foot Plant Company

Isotoma fluviatilis Blue Star Creeper is a member of the new Tough Ten series from Stepables, and offers consumers a reliable plant that's easy to grow and easy to maintain in any area of the landscape. Ideal for Zones 5 through 9.
