Our COVID-19 Resource Page

Jennifer Polanz

Since March we've been compiling a multitude of resources on the *Green Profit* website in a section called COVID-19 News & Updates. Just a few of those resources include:

- A Checklist of Ideas for Retail from Clay Johnson, a Ball Seed sales rep
- OSHA Enforcement Guidance on Respiratory Protection from FNGLA
- Retail Strategies for Responding to COVID-19
- Dr. Bridget Behe's Marketing Tips for IGCs
- COVID-19 Resources for You, including links to AmericanHort, SAF, United Fresh, printable safety signage and more

Visit greenprofit.com/COVID-19 to read those stories and more. You also can find grower-focused stories related to coronavirus response at growertalks.com/COVID-19. **GP**
