We'll be running container combo ideas from partner members of National Garden Bureau (NGB). You have to be a member to have your combos listed on the NGB website and featured here. (If you're not a member, you should be! Visit [ngb.org/become-a-member](http://ngb.org/become-a-member) to sign up!)

In keeping with our fall theme that you'll see throughout this issue, this container from PanAmerican Seed takes advantage of the contrast between bright red and dark hues, with burgundy and bronze tones in between. Made up of annuals in most spots in the U.S., this container is best in full sun to partial shade. Plant it up in containers ranging from 14 in. up to 18 in. or larger.

Contains:
