A POP of Cool

Jennifer Polanz

This unique mix for fall from Monrovia offers pops of color combined with some wispy fountain grass for movement. This all-perennial, pollinator-attracting combo includes:

- *Hypericum x inodorum* FloralBerry Rosé
- *Pennisetum alopecuroides* Ginger Love
- *Euphorbia x martinii* Ascot Rainbow

This mix is deer resistant, too, and works best in 16- to 18-in. containers. The cool weather will bring out salmon-pink flushes in Ascot Rainbow's chartreuse leaves, too.

We'll be running container combo ideas from partner members of National Garden Bureau. You have to be a member to have your combos listed on the NGB website and featured here. (If you're not a member, you should be! Visit nbg.org/become-a-member to sign up!) **GP**
