Farmhouse Chic

Jennifer Polanz

The farmhouse aesthetic combined with vintage flair in the garden? It's a match made in heaven and the topic of a new book, "The Vintage Farmhouse Garden: Your Guide to Creating a Vintage-Inspired Outdoor Space," by Rhonda Kaiser.

Here's the description from Quarto: "Whether it's by creating a stunning tablescape, arranging a welcoming front porch, designing a peaceful outdoor garden oasis or displaying a collection of seasonal plants and vintage accessories, Rhonda helps you bring all the classic comforts of a farm home into your garden, no matter where you live."

Within the pages of the book, readers will find how to:

- Turn a farmhouse garden vision into reality
- Select and plant vibrant fruits, flowers and shrubs for the farmhouse garden
- Include vintage finds in garden design
- Add pollinator-friendly plants

... and so much more.

Available September 16 from Quarto. **GP**
