Awesome Autumn

Jennifer Polanz

This combination from Plant Development Services, Inc., mimics the gorgeous hues of fall leaves set off by a lime green pop of color. Perfect for fall and great in part-sun conditions, this mix works best in big containers, 16 in. or larger. The container includes:

Purple Pixie Dwarf Weeping Lorapetalum

Alabama Sunset Coleus

Charlie Boy Cordyline

Lemon-Lime Nandina

We'll be running container combo ideas from partner members of National Garden Bureau. You have to be a member to have your combos listed on the NGB website and featured here. (If you're not a member, you should be! Visit ngb.org/become-a-member to sign up!) GP
