### Pets on the Payroll

*Jennifer Polanz*

The sales team at Sunnyslope Greenhouse in Leighton, Iowa, can get a little ... hairy ... at times. "Our cat ambassadors Zag the tiger and Louie the mini panther are brothers," write in owners Amy and Scott Litwiller. "They were born here and love our customers, especially the kiddos. Zag announces changes in our hours on Facebook and Louie lets people know about our sales!"

They sound like a dynamic duo! Tell me about your hardworking furry (or non-furry) pets at [jpolanz@ballpublishing.com](mailto:jpolanz@ballpublishing.com). **GP**
