Picks From Las Vegas Market

Jennifer Polanz

The picks are in and Las Vegas Market recently announced the People's Choice Awards from their July market's Summer Snapshot program. Out of 40 contenders, eight made the cut in a variety of segments, including indoor decor, apparel and outdoor decor. The one I wanted to highlight is the Cozumel Dining Chair from Azzuro Living. According to the market: "The Cozumel Dining Chair employs superior, outdoor performing all-weather textelene rope knotted into an aluminum frame, assuring protection from elements, UV rays and high traffic environments." **GP**
