Pets on the Payroll

Jennifer Polanz

Meet sweet Fluffy from Cantrell Gardens Nursery in Little Rock, Arkansas.

"Fluffy wandered into our garden center back in 2023 and she never left," wrote in Louise Minor. "Named by a longtime employee, she's easy to spot with her fluffy tail and welcoming personality. Customers of all ages stop in to ask where she is, eager to give her a pet before browsing the plants. She's truly become part of the family here and we can't imagine the garden center without her."
