Pets on the Payroll

Jennifer Polanz

Oliver and Wadsworth

Pets on the Payroll is officially an international affair, as I believe these two are our first submissions from our friends up in Canada. This is Oliver and Wadsworth (the boxer), submitted by Fred Woodley and his sister, Maddy, at Woodley's Greenhouse in Boston, Ontario, Canada.

"We refer to them as the HR managers because if you need to talk they will listen," Fred wrote about the dynamic duo. They DO look like great listeners. Thanks for sending them in! **GP**
