Arett Expands

Ellen C. Wells

Need items to stock your shelves? Arett Sales is ready to supply them from their expanded Ohio warehouse. The New Jersey-based lawn, garden, home and holiday distributor continues to invest in the Midwest market with an even bigger warehouse in Troy, Ohio.

Not only has Arett added 70,000 sq. ft. to their warehouse, but they've also extended the warehouse lease another five years. Both the lease and the additional square footage speak to the growth Arett is experiencing in the Midwest. **GP**
