## WNLA Webinars

*Jennifer Polanz*

Looking for an easy way to stay up-to-date on some of the latest information? The Western Nursery & Landscape Association (WNLA) is offering a series of webinars for members and non-members (there's a fee for non-members) ranging multiple topics. Some of the topics include: "Native Plants for Beauty and Ecology," "Permaculture Design," "Green Cities: Good Health, The Health & Well-being Benefits of Plants," Biomimicry, a Legislative Update" from Craig Regelbrugge at AmericanHort and more.

The webinars are free for members, or \$50 for non-members (just a note, a membership to WNLA is only \$75, so if you see more than one you want to watch, go for the membership and you can watch all for free). Visit [www.wnla.org](http://www.wnla.org) and click on the "Events" drop-down menu, and then "WNLA Webinars" to find the full list and register. **GP**
