Pets On the Payroll

Jennifer Polanz

This month meet Bunny (who earned her moniker because she's a Manx with just a bump for a tail) from Mostardi Nursery in Newtown Square, Pennsylvania.

"Bunny and her sister, Misty, arrived around six years ago and you will often see them napping among the indoor and outdoor plants, posing within our displays and strolling the aisles hoping for some pets," writes the team at Mostardi. "They particularly love the catmint (Nepeta) table!" **GP**
